- Water cooling with pump saves more than 20% compared to air cooling.
- Self priming pump reliable and very quiet.
- Protected against lack of cooling water.
- Danfoss compressor of the latest generation with electrical consumption 25% lower compared to other compressor concepts.
- Extremely compact dimensions.
- Maximum efficiency.
- Precharged system equipped with Frigoboat self sealing couplings.
- Configuration with evaporators for fridges up to 350 litres (12 cu.ft.) and freezers up to 80 litres (2.8 cu.ft.).
- Version with holding plate for fridges up to 160 litres.
- Automatic battery protection.
- Optional 230V automatic mains adaptor.

W35F particularly suggested for multiple installations.
