This map shows the Amberges Islands in the Gulf of Mexico. The main island, Amberges, is elongated and features a central mountain range. Surrounding it are several smaller islands and reefs, including Cayo Negro, Cayo Rosario, Cayo Rincón, and Cayo Puerco. The map is color-coded to show different depths and seabed features: light blue for shallow water, dark blue for deeper areas, and green/yellow for sandy or reef areas. Depth contours are marked with numbers like 1, 2, 3, 4, 5, 10, 20, 30, 40, 50, 100, 200, 300, 400, 500, 600, 700, 800, 900, 1000, 1500, and 2000. A scale bar at the bottom indicates distances in kilometers (0 to 10) and miles (0 to 10). A compass rose is located in the bottom right corner.
